Quality Products. Service Excellence.

Heavy Duty Swing-Out Wall Mount Cabinet *HWM Series*

Application

The Hammond Wall Mount (HWM) cabinet was designed with the technical professional in mind. Our modern design enables the cabinet to be installed in less time using fewer installers than similar cabinets of its size. Fabricated from heavy duty steel, the HWM is available in up to 32U and 31.7" overall depth and can support up to 275 lbs of equipment. The HWM is guaranteed not to drop down when the center section is opened. Similar products from other suppliers can drop down when the center section is opened that can cause costly equipment failures due to damage to storage devices. The HWM design prevents the center section from dropping saving you time and money from equipment replacement.

The vented front door and side panels were specifically designed for high capacity servers, switches and power management devices. Optional tinted acrylic and solid doors are available for all sizes.

Features

- Available in three (3) depths and four (4) heights.
- Includes vented 63% perforated front door (optional door types available).
- Center section features:
  - Heavy duty spring-hinge pin for easy installation and removal.
  - Side panel that includes two (2) vents and fan grill.
- Rear section features:
  - Top and side conduit knock-outs for cable entry.
  - Generous cable management lances located on the rear section as well as on mounting rails.
  - Mounting points for Outlet Strip (uses HWMPCLIP).
  - Heavy duty keyhole for wall mounting.
  - Large opening in rear for cable access.
- Front door and center section keyed the same (optional key available).

Specifications

- 14-gauge welded rear section; 16-gauge center section and doors.
- EIA compliant adjustable depth mounting rails.
- Includes one (1) pair of tapped (10-32) mounting rails.
- Recommended weight load tested for 275 lbs.
- Grounding lugs located on top and bottom of the door, center and rear sections.
- Rugged sand-textured black powder paint (reduced fingerprints and marks).
- RoHS EU Directive 2002/95/EC compliant.
- Manufactured by Hammond Manufacturing, an ISO 9001:2008 certified company, located in North America.

Компания «ЭлектроПласт» предлагает заключение долгосрочных отношений при поставках импортных электронных компонентов на взаимовыгодных условиях!

Наши преимущества:

- Оперативные поставки широкого спектра электронных компонентов отечественного и импортного производства напрямую от производителей и с крупнейших мировых складов;
- Поставка более 17-ти миллионов наименований электронных компонентов;
- Поставка сложных, дефицитных, либо снятых с производства позиций;
- Оперативные сроки поставки под заказ (от 5 рабочих дней);
- Экспресс доставка в любую точку России;
- Техническая поддержка проекта, помощь в подборе аналогов, поставка прототипов;
- Система менеджмента качества сертифицирована по Международному стандарту ISO 9001;
- Лицензия ФСБ на осуществление работ с использованием сведений, составляющих государственную тайну;
- Поставка специализированных компонентов (Xilinx, Altera, Analog Devices, Intersil, Interpoint, Microsemi, Aeroflex, Peregrine, Syfer, Eurofarad, Texas Instrument, Miteq, Cobham, E2V, MA-COM, Hittite, Mini-Circuits,General Dynamics и др.);

Помимо этого, одним из направлений компании «ЭлектроПласт» является направление «Источники питания». Мы предлагаем Вам помощь Конструкторского отдела:

- Подбор оптимального решения, техническое обоснование при выборе компонента;
- Подбор аналогов;
- Консультации по применению компонента;
- Поставка образцов и прототипов;
- Техническая поддержка проекта;
- Защита от снятия компонента с производства.
