- 10 ft. power cord and built-in AC outlets for each device

Package Includes

- CS32AC 32-Device AC Charging Station Cabinet
- (2) Keys for door lock
- Owner's manual

Description

The CS32AC 32-Device AC Charging Station Cabinet provides AC charging, secure storage and cord management for up to 32 tablets. It's ideal for education, office, commercial, retail, industrial and healthcare environments.

32 AC outlets provide convenient charging. The charging station is compatible with all devices that charge via user-supplied USB power adapters, including iPad, Android, Kindle, Kindle Fire and Surface tablets and iPhone, Android and Windows smartphones.

The charging station provides comprehensive device protection, with steel construction and a powder-coated finish for long-term durability. It locks with the included keys to prevent device theft, damage or tampering, and flow-through ventilation prevents overheating.

The charging station also provides clutter-free organization of devices and cabling. AC outlets, power adapters and cords store out of sight. Toolless trim panels permit quick service access.

The charging station is easy to configure. It ships fully assembled and supports mounting to a wall, desk, table, counter or floor. The front door opens 180 degrees and side panels are removable for unrestricted device and service access. Removable dividers accommodate thicker devices. You can also convert the charging station to a mobile cart with Tripp Lite's [CSHANDLEKIT](#) accessory and roll it where needed.

Features

Convenient Charging

- 32 AC outlets charge up to 32 iPad, Android, Kindle or Surface tablets

- Compatible with all devices that charge via user-supplied USB power adapters, including iPad, Android, Kindle, Kindle Fire and Surface tablets and iPhone, Android and Windows smartphones
- 10 ft. AC input cord reaches distant outlets

Comprehensive Protection

- Sturdy steel construction and powder-coated finish provide long-term durability
- Door locks with included keys to prevent device theft, damage or tampering
- Flow-through ventilation prevents devices from overheating
- Coated shelves shield devices from scratches and scuffs
- Built-in circuit breakers protect against overloads

Clutter-Free Organization

- AC outlets, device AC adapters and cords store out of sight
- Shelves include charging cord access ports for each device
- Toolless trim panels permit quick access to AC adapters and cords
- Outlets spaced to fit bulky power adapters without blocking adjacent outlets

Flexible Configuration

- Ships fully assembled
- Supports mounting to wall, desk, table, counter or floor
- Converts to mobile cart with optional [CSHANDLEKIT](#) accessory
- Door opens 180 degrees and side panels are removable for clear access
- Removable dividers accommodate thicker devices like battery chargers

Компания «ЭлектроПласт» предлагает заключение долгосрочных отношений при поставках импортных электронных компонентов на взаимовыгодных условиях!

Наши преимущества:

- Оперативные поставки широкого спектра электронных компонентов отечественного и импортного производства напрямую от производителей и с крупнейших мировых складов;
- Поставка более 17-ти миллионов наименований электронных компонентов;
- Поставка сложных, дефицитных, либо снятых с производства позиций;
- Оперативные сроки поставки под заказ (от 5 рабочих дней);
- Экспресс доставка в любую точку России;
- Техническая поддержка проекта, помощь в подборе аналогов, поставка прототипов;
- Система менеджмента качества сертифицирована по Международному стандарту ISO 9001;
- Лицензия ФСБ на осуществление работ с использованием сведений, составляющих государственную тайну;
- Поставка специализированных компонентов (Xilinx, Altera, Analog Devices, Intersil, Interpoint, Microsemi, Aeroflex, Peregrine, Syfer, Eurofarad, Texas Instrument, Miteq, Cobham, E2V, MA-COM, Hittite, Mini-Circuits, General Dynamics и др.);

Помимо этого, одним из направлений компании «ЭлектроПласт» является направление «Источники питания». Мы предлагаем Вам помощь Конструкторского отдела:

- Подбор оптимального решения, техническое обоснование при выборе компонента;
- Подбор аналогов;
- Консультации по применению компонента;
- Поставка образцов и прототипов;
- Техническая поддержка проекта;
- Защита от снятия компонента с производства.
