

MICRO SWITCH™ LS
General Purpose Limit Switches
LS Series

MICRO SWITCH™ LS

General Purpose Limit Switches

The Honeywell MICRO SWITCH™ Compact LS Limit Switch Series offers products that have a long record of successful performance in a diverse range of industrial applications. Under severe conditions, its durable and dependable design provides longevity, precision, and consistent repeatability over millions of operations.

The compact size and adjustable features propel the LS Series to flourish in a variety of settings under space constraint without sacrificing reliability. Its construction is oil-tight, water-tight and dust tight, and includes die-cast housing, heads and actuators. An assortment of heads and actuators provides a solution for a variety of applications.

What makes our switches better?

- Small size and universal mounting footprint may allow for use in constricted spaces
- IP67 and NEMA 1, 3, 4, 6 and 13 ratings available provide a dependable solution in most demanding environmental conditions
- Rugged die-cast metal construction with a wide variety of heads and actuators provides long life across numerous applications
- MICRO SWITCH™ legacy and expertise - over 55 years of engineering excellence and experience with industrial limit switches

***Rugged, metal housing
packaged for industrial indoor
and outdoor applications***

QUALITY, RELIABLE
RUGGED, GLOBAL

Features and Benefits

ENHANCED PERFORMANCE COMPACT DESIGN

Along with industry standard mounting dimensions, the LS Series compact design allows installation in applications under space constraint while still providing reliable switching performance

TWO CIRCUIT DOUBLE BREAK CONTACTS

With an AC15, A300 or 10 A electrical rating, the LS Series provides dependable and consistent switching, giving the end users control of two circuits in one switch

One switch controls two circuits!

ACTUATORS FOR YOUR APPLICATION

With many actuators available such as side rotary, plunger, wobble stick and roller plunger, the LS Series is adaptable and has the ability to be applied in a variety of applications

SEALED CONSTRUCTION

In demanding environmental conditions, IP67 or NEMA 1, 3, 4, 6, and 13 sealing protects against oil, dust and water making the LS Series a dependable solution in a variety of conditions for both indoor and outdoor applications

Potential Applications

MACHINE TOOL EQUIPMENT

Part presence, machine slide/table position, panel and door presence

MATERIAL HANDLING

Sensing in overhead doors, door interlock, dock locks, conveyance, storage retrieval, carousels, conveyors, and assembly lines

VALVE ACTUATION

Position sensing of electric valves for waste water treatment plants, power plants, refineries, and pipelines

FOOD AND BEVERAGE

Sensing during bottling, canning, and packaging

SPECIAL MACHINERY

Assembly, packaging and testing applications

LS Series

MICRO SWITCH™ LS SERIES PRODUCT NOMENCLATURE

Switch body							
Compact SPDT	SPDT Plug-in less base	Switch style	Product family	Actuator code	Actuator description	Modifications (may be applied to most configurations)	
1	201	side rotary (momentary) CW and CCW actuation. Field adjustable for CW and CCW	LS	1	standard with 38,1 mm fixed length lever with steel roller	(blank) 0.5-14 NPT conduit	
				19	low pretravel with 38,1 mm fixed length lever with steel roller		
				6	low operating torque with 38,1 mm fixed length lever with steel roller		
				131	low pretravel, low operating torque with 38,1 mm fixed length lever with steel roller		
				3	standard with adjustable length lever, 38 mm to 89 mm with nylon roller		
				10	standard with adjustable 127 mm aluminum rod		
				2	standard, no lever		
				9	low pretravel with no lever		
				23	low operating torque with no lever		
2	202	top pin plunger	LS	1	standard	-L UL/CSA certified with 0.5-14 NPT conduit	
	n/a	top pin plunger		111	plunger boot seal		
3	203	side roller plunger	LS	1	standard	-4C CE with 20 mm conduit	
4	204	side pin plunger	LS	1	standard		
5	205	top roller plunger	LS	1	standard	-4PG CE with PG 13,5 mm conduit	
	n/a	top roller plunger		8	plunger boot seal		
6	206	two position side rotary (maintained)	LS	1	standard with 38,1 mm fixed length fork lever with roller		
				2	no lever		
7	n/a	side rotary enclosure mount	LS	1	standard with 38,1 mm fixed length lever with steel roller		
8	208	wobble actuator	LS	1	steel coil spring, 141 mm		
	208	wobble actuator		3	aluminum rod, 141 mm		
	208	wobble actuator		125	cat whisker, 191 mm		
	208	wobble actuator		152	stainless steel coil spring, 141 mm		

Not all combinations are available. Please contact your Honeywell provider/representative for assistance.

WARNING **PERSONAL INJURY**

DO NOT USE these products as safety or emergency stop devices or in any other application where failure of the product could result in personal injury.

Failure to comply with these instructions could result in death or serious injury.

WARNING **MISUSE OF DOCUMENTATION**

- The information presented in this product sheet is for reference only. Do not use this document as a product installation guide.
- Complete installation, operation, and maintenance information is provided in the instructions supplied with each product.

Failure to comply with these instructions could result in death or serious injury.

WARRANTY/REMEDY

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items it finds defective. **The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**

While we provide application assistance personally, through our literature and the Honeywell website, it is up to the customer to determine the suitability of the product in the application.

Specifications may change without notice. The information we supply is believed to be accurate and reliable as of this printing. However, we assume no responsibility for its use.

Honeywell

Компания «ЭлектроПласт» предлагает заключение долгосрочных отношений при поставках импортных электронных компонентов на взаимовыгодных условиях!

Наши преимущества:

- Оперативные поставки широкого спектра электронных компонентов отечественного и импортного производства напрямую от производителей и с крупнейших мировых складов;
- Поставка более 17-ти миллионов наименований электронных компонентов;
- Поставка сложных, дефицитных, либо снятых с производства позиций;
- Оперативные сроки поставки под заказ (от 5 рабочих дней);
- Экспресс доставка в любую точку России;
- Техническая поддержка проекта, помощь в подборе аналогов, поставка прототипов;
- Система менеджмента качества сертифицирована по Международному стандарту ISO 9001;
- Лицензия ФСБ на осуществление работ с использованием сведений, составляющих государственную тайну;
- Поставка специализированных компонентов (Xilinx, Altera, Analog Devices, Intersil, Interpoint, Microsemi, Aeroflex, Peregrine, Syfer, Eurofarad, Texas Instrument, Miteq, Cobham, E2V, MA-COM, Hittite, Mini-Circuits, General Dynamics и др.);

Помимо этого, одним из направлений компании «ЭлектроПласт» является направление «Источники питания». Мы предлагаем Вам помощь Конструкторского отдела:

- Подбор оптимального решения, техническое обоснование при выборе компонента;
- Подбор аналогов;
- Консультации по применению компонента;
- Поставка образцов и прототипов;
- Техническая поддержка проекта;
- Защита от снятия компонента с производства.
