

Hall-effect Rotary Position
Sensors
HRS Series

HRS Series Hall-Effect Rotary Position Sensors

The HRS Series uses Hall-effect technology to supply reliable and repeatable angular position information. The use of this magnetically coupled information, in place of a mechanical wiper assembly, provides long life and a cost-effective solution for harsh environments that include temperature, vibration, shock, dither, moisture and dirt.

The HRS Series is packaged in a stainless steel metal housing with a 9,5 mm [0.375 in] diameter unthreaded or threaded bushing and a 6,35 mm [0.25 in] diameter stainless steel shaft. A variety of termination types are available. Mounting hardware is available on some catalog listings.

Key Features and Benefits

- **Solid state Hall-effect technology provides non-contact operation for:**
 - Long service life
 - Low torque actuation
 - Enhanced performance in harsh environments, especially those with vibration, shock and extreme temperatures
 - Reduces mechanical wear concerns
- **10 M cycle product life (typical):** Promotes extended life in the application
- **Choice of termination types:** Contributes to design flexibility in the application
- **Voltage output allows direct connection to the control system:** Can reduce external circuitry and overall system complexity, lowering overall installation cost to the customer
- **Choice of anti-rotation locating pins:** Limits rotation of the device in the application, preventing over-travel on levers and throttles
- **Rotary potentiometer package form factor:** Designed to provide direct replacement for potentiometers, often allowing drop-in conversion to Hall-effect technology

Potential Applications

TRANSPORTATION

Position and movement detection in off-road vehicles and construction/agricultural vehicles/equipment:

- Gear shifter, joystick, and throttle position
- Pedal position
- Hitch location
- Bucket/loader position
- Steering position
- Auto-pilot/drive-by-wire system feedback

INDUSTRIAL

Position and movement detection in material handling equipment:

- Industrial vehicle attachment position (e. g. forklift truck forks)
- Machine control joystick position
- Robotic arm position
- Valve actuator position

Table 1. Electrical Specifications

Characteristic	Parameter			
	HRS100SSAB090	HRS100SSAB180	HRS100SWAB090	HRSRES05A090
	Solder Lugs, Unformed		Flying Wire Leads	Solder Lugs, Formed 90° Down
				
Electrical angle	90° ±2° CW	180° ±2° CW	90° ±2° CW	
Output voltage	CW: 4.750 V min., 4.850 V max. CCW: 0.150 V min., 0.250 V max.	CW: 4.750 V min., 4.850 V max. CCW: 0.050 V min., 0.150 V max.	CW: 4.750 V min., 4.850 V max. CCW: 0.150 V min., 0.250 V max.	CW: 2.095 V min., 2.205 V max. CCW: 0.245 V min., 0.294 V max.
Linearity (% of span)	±2% typ.	±4% typ.	±2% typ.	
Output current	2 mA max.			
Output type	sink/source			
Overvoltage protection	18 Vdc. max.			
Supply voltage	5 Vdc			
Supply current	5 mA typ.			

Table 2. Mechanical Specifications

Characteristic	Parameter			
	HRS100SSAB090	HRS100SSAB180	HRS100SWAB090	HRSRES05A090
Mechanical angle of rotation	90° ±2°	180° ±2°	90° ±2°	
Rotational cycles	10 million typ.			
Rotational torque	0.014 N m [2.0 in-oz] max. at 25 °C [77 °F]			
Stop torque	0,56 N m [5 in-lb] min.			
Push out	89 N m [20 in lb] min.			
Pull out	44 N m [10 in lb] min.			
Shaft:				
diameter	6,35 mm [0.25 in]			
material	stainless steel			
Bushing:				
diameter	9,5 mm [0.375 in]			
material	nickel-plated brass			
Housing material	stainless steel			
Terminal material:				
solder lug terminals	tin-plated brass, SAC305 solder dip	—		tin-plated brass, SAC305 solder dip
flying wire leads	—	XL insulated, 20 AWG stranded		—
Terminal support material	thermoplastic			
Mounting hardware material:				
mounting nut	nickel-plated brass			
lock washer	nickel-plated brass

Catalog Listing	Description
HRS100SSAB090	HRS Series Hall-effect rotary position sensor, slotted shaft, solder lug terminals unformed, 90° electrical angle, unassembled mounting hardware included
HRS100SSAB180	HRS Series Hall-effect rotary position sensor, slotted shaft, solder lug terminals unformed, 180° electrical angle, unassembled mounting hardware included
HRS100SWAB090	HRS Series Hall-effect rotary position sensor, slotted shaft, flying wire leads, 90° electrical angle, unassembled mounting hardware included
HRSRES05A090C	HRS Series Hall-effect rotary position sensor, round shaft, solder lug terminals formed 90° down, 90° electrical angle, mounting hardware not included

PERSONAL INJURY

DO NOT USE these products as safety or emergency stop devices or in any other application where failure of the product could result in personal injury.

Failure to comply with these instructions could result in death or serious injury.

⚠ WARNING

MISUSE OF DOCUMENTATION

- The information presented in this product sheet is for reference only. Do not use this document as a product installation guide.
- Complete installation, operation, and maintenance information is provided in the instructions supplied with each product.

Failure to comply with these instructions could result in death or serious injury.

WARRANTY/REMEDY

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items it finds defective. **The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**

While we provide application assistance personally, through our literature and the Honeywell website, it is up to the customer to determine the suitability of the product in the application.

Specifications may change without notice. The information we supply is believed to be accurate and reliable as of this printing. However, we assume no responsibility for its use.

Honeywell

Компания «ЭлектроПласт» предлагает заключение долгосрочных отношений при поставках импортных электронных компонентов на взаимовыгодных условиях!

Наши преимущества:

- Оперативные поставки широкого спектра электронных компонентов отечественного и импортного производства напрямую от производителей и с крупнейших мировых складов;
- Поставка более 17-ти миллионов наименований электронных компонентов;
- Поставка сложных, дефицитных, либо снятых с производства позиций;
- Оперативные сроки поставки под заказ (от 5 рабочих дней);
- Экспресс доставка в любую точку России;
- Техническая поддержка проекта, помощь в подборе аналогов, поставка прототипов;
- Система менеджмента качества сертифицирована по Международному стандарту ISO 9001;
- Лицензия ФСБ на осуществление работ с использованием сведений, составляющих государственную тайну;
- Поставка специализированных компонентов (Xilinx, Altera, Analog Devices, Intersil, Interpoint, Microsemi, Aeroflex, Peregrine, Syfer, Eurofarad, Texas Instrument, Miteq, Cobham, E2V, MA-COM, Hittite, Mini-Circuits, General Dynamics и др.);

Помимо этого, одним из направлений компании «ЭлектроПласт» является направление «Источники питания». Мы предлагаем Вам помощь Конструкторского отдела:

- Подбор оптимального решения, техническое обоснование при выборе компонента;
- Подбор аналогов;
- Консультации по применению компонента;
- Поставка образцов и прототипов;
- Техническая поддержка проекта;
- Защита от снятия компонента с производства.
