

Optical Industrial Cable Assemblies and Adapters

106059 LC Duplex

106059 SC Simplex

106059 MPO Multi-fiber

Easy optical connections are now possible in harsh industrial environments with Molex's optical industrial cable assemblies

Designed with rugged and compact housings, Molex's optical industrial assemblies incorporate the high-performance of a fiber optic connection with the versatility of a rugged industrial connector. The assemblies guarantee an environmentally sealed optical connection in one step, with the combined push-pull insertion and bayonet-style mechanical latch. The bulkhead adapter mounts directly in a panel cut-out, serving as a sealed feed-through. The removable connector provides sealing between both the adapter mating-surface, as well as the cable exiting the connector.

Molex's optical industrial assemblies are compatible with many fiber types and cable constructions and are ideal for both indoor and outdoor applications. This assembly is particularly well-suited for long distances or remote connections using either single mode or multimode fiber.

Available in a simplex SC, Duplex LC, and multi-fiber MPO version, these assemblies offer a sealed fiber optic connection to fit many applications from bi-directional single fiber up to 12 fiber ribbon connections. Assemblies are available in pigtailed (single-ended), jumpers (dual-ended) and breakout assemblies, to any Molex standard fiber optic connector. The assemblies can be manufactured in lengths from 1.0 meter to well over 1.0 kilometer.

The industrial duplex LC assembly has been ratified as a 'Standard Interface' in the ODVA (Open DeviceNet Vendors Association) as a next generation industrial interconnect.

(Left to right) Industrial MPO, Industrial SC, Industrial LC Cable Assemblies

Features and Benefits

- Provides moisture and dust protection for use in harsh industrial environments
- Sealed panel feed-through design for easy installation into enclosures
- 100% optically tested to ensure quality performance assemblies
- Available in single mode and multimode styles to work with any common fiber type
- Housing is NEMA 6P and IP67 rated which ensures dust and moisture protection
- Push-pull insertion with bayonet-style mechanical latch provides easy installation and removal
- Broad temperature range (-40 to +85°C) is ideal for indoor or outdoor applications

APPLICATIONS

Markets and Applications

- Industrial
 - System controls
 - Monitoring
 - High Electro Magnetic Interference (EMI) and Radio Frequency Interference (RFI) areas
- Medical equipment
- Telecommunication/CATV
 - FTTx
 - Outdoor system connections
- Other markets
 - Rugged test equipment
 - Mobile broadcasting or audio visual equipment
 - Food processing

Ball Park – outdoor system connections

SPECIFICATIONS

Optical Industrial Cable Assemblies and Adapters

106059 LC Duplex
106059 SC Simplex
106059 MPO Multi-fiber

Reference Information

Packaging: Cable Assemblies: Individual bag or spool
 Adapters: Individual bag
 Mates With: Standard LC, SC, or MPO assemblies (respectively)
 Designed In: Inches

Physical

Housing: Polymer
 Ferrule: Zirconia Ceramic
 Operating Temperature: -40 to +85° C
 Cable Type: Indoor or outdoor
 Fiber Type: Single mode or multimode

Optical

Insertion Loss:
 Single mode <0.35dB max. (0.13dB typical)
 Multimode <0.50dB max. (0.10dB typical)
 Return Loss:
 Single mode 45 to 55dB
 Wavelength:
 Single mode 1310 or 1550nm
 Multimode 850 or 1300nm

Indoor and Outdoor Industrial LC Assemblies with Industrial LC Adapters

ORDERING INFORMATION

Cable Assemblies

Order No.	Connector Type	Cable	Fiber Count	Fiber Type
106059-0100	Industrial LC	Indoor	2	Multimode
106059-0110				Single mode
106059-1100				Multimode
106059-1110				Single mode
106059-2020	Industrial SC		1	Multimode
106059-2025				Single mode
106059-6100	Industrial MPO	Outdoor	4	Multimode
106059-6105			8	
106059-6110			12	
106059-6115			4	Single Mode
106059-6120			8	
106059-6125			12	

Note: 1. Optical industrial assemblies are supplied in a cable assembly form only
 2. Above part numbers are for reference drawings only, all assemblies will be assigned custom part numbers

Cable Assembly Accessory

Order Number	Description
106059-0020	Dust Cap/Pulling cap

Adapters

Order No.	Alignment Sleeve	Type	Mode
106059-0200	Phosphor Bronze	Industrial LC to Duplex LC	Multimode
106059-0210	Zirconia		Single mode
106059-3110	Phosphor Bronze	Industrial LC to Industrial LC (in-line)	Multimode
106059-3100	Zirconia		Single mode
106059-2030	Phosphor Bronze	Industrial SC to Simplex SC	Multimode
106059-2031	Zirconia		Single mode
106059-4100	Phosphor Bronze	Industrial SC to Industrial SC (in-line)	Multimode
106059-4110	Zirconia		Single mode
106059-6200	None	Industrial MPO to MPO/MTP	Single mode/Multimode

Компания «ЭлектроПласт» предлагает заключение долгосрочных отношений при поставках импортных электронных компонентов на взаимовыгодных условиях!

Наши преимущества:

- Оперативные поставки широкого спектра электронных компонентов отечественного и импортного производства напрямую от производителей и с крупнейших мировых складов;
- Поставка более 17-ти миллионов наименований электронных компонентов;
- Поставка сложных, дефицитных, либо снятых с производства позиций;
- Оперативные сроки поставки под заказ (от 5 рабочих дней);
- Экспресс доставка в любую точку России;
- Техническая поддержка проекта, помощь в подборе аналогов, поставка прототипов;
- Система менеджмента качества сертифицирована по Международному стандарту ISO 9001;
- Лицензия ФСБ на осуществление работ с использованием сведений, составляющих государственную тайну;
- Поставка специализированных компонентов (Xilinx, Altera, Analog Devices, Intersil, Interpoint, Microsemi, Aeroflex, Peregrine, Syfer, Eurofarad, Texas Instrument, Miteq, Cobham, E2V, MA-COM, Hittite, Mini-Circuits, General Dynamics и др.);

Помимо этого, одним из направлений компании «ЭлектроПласт» является направление «Источники питания». Мы предлагаем Вам помощь Конструкторского отдела:

- Подбор оптимального решения, техническое обоснование при выборе компонента;
- Подбор аналогов;
- Консультации по применению компонента;
- Поставка образцов и прототипов;
- Техническая поддержка проекта;
- Защита от снятия компонента с производства.
